

Viking Crew

VIKING CREW PLACING PEOPLE FIRST

Viking Crew is the leading
Cruise, Superyacht and specialist
maritime crew services provider.
A British company with 35 years
of history, we have a global
reach with a personal touch.

Our aim is to keep the
at-sea operations moving
through our cost-effective,
robust and personal services
in crew management.

Our Crew support services are
made up of the following areas:

GLOBAL CREW EMPLOYMENT & PAYROLL

We can provide you with a range of crew payroll services, led by our specialist team in Guernsey with a bespoke crewing platform called 'Crew Mate', that will significantly contribute to the operational savings in the employment of maritime staff, including being registered with the POEA.

PLACEMENT

Whether you are a Ship Owner or Operator, Captain, or Head of Department, our team works to match the perfect candidates personally and expertly for the role you require.

We place people first; investing significantly in our systems, our well-positioned offices around the world, and in employing an industry-leading team, dedicated to providing an exceptional level of personal service and support. We can provide you with candidates across Deck, Engine, Technical, Interior and shore side positions.

DEPLOYMENT & TRAVEL

Our dedicated travel and deployment service provides flights, hotels and transfers required for crew and marine management, giving you instant and exclusive access to the best prices and flexibility under one consolidated booking and payment.

OPERATIONS & ADMINISTRATION

Our services include the scheduling of crew, maintaining personal records, monitoring leave, Visa applications, and Certificate renewals.

NEW BUILD PROJECTS

Since 2003, Viking Crew has been partnering with yacht companies across the world to provide full crewing for new build projects.

If you're in the midst of a new build yacht project, or about to start, we can provide crew placement, crew employment, crew payroll, crew training and crew deployment, with our in-house expert team across Placement, Crewing and Deployment.

BESPOKE TRAINING COURSES AT THE MARITIME SKILLS ACADEMY

We can identify your training needs at our state-of-the-art training centre, The Maritime Skills Academy (part of Viking Maritime Group). Our services include arranging specialist courses, maintaining training records, and assessing training establishments at a reduced cost to your business. Our team of experts are also able to travel to your vessel for tailored training services.

We offer a range of maritime training courses at our centres in Dover, Portsmouth and Gibraltar. Our courses include Deck Simulator training in BRM, Ship Handling, Tug Operations, Polar Code and Engine Simulator training in ERM, High Voltage, as well as STCW Safety, Commercial Fire, Medical, GWO and Hospitality training. To find out more about how we can support your training needs, please [click here](#)

LUXURY YACHT INTERIOR TRAINING

The Maritime Skills Academy and The Exclusive Butler School are proud to work in partnership to provide tailored private yacht butler training to enhance interior crew with an exceptional skill set, in order to deliver an outstanding and flawless service for guests onboard luxury superyachts.

If you would like to find out more about our full range of tailored training services, please [click here](#)

CHILTERN MARITIME

We provide high quality sponsored maritime training cadetships to aspiring Merchant Navy Cadets, wishing to forge a successful career within the Maritime industry, at sea or shoreside. We are proud to work with prestigious maritime companies and charities, providing excellent training and unique sea placements on a wide range of vessels across different marine sectors.
